

TRENDS-in-MEDICINE

NOTE: This is the best information available as of November 24, 2024. It has been double- and triple-checked, but meeting dates and status (in person vs. virtual vs. hybrid) continue to change, though the changes have been slowing down. There is a link for each meeting (in [blue](#)). Please be cautious about meetings listed as hybrid or virtual. Increasingly, we are finding that virtual meetings do not make everything virtual. For example, even when posters are supposed to be virtual, as many as half may not be available virtually. And the virtual quality is highly variable. Finally, please be sure to recheck details before buying plane tickets or reserving hotel rooms.
